National and International News

Hoollongapar Gibbon Wildlife Sanctuary

Why in the news?

- The Union Ministry of Environment, Forest and Climate Change (MoEFCC) has approved exploratory oil and gas drilling in parts of Hoollongapar Gibbon Wildlife Sanctuary.
- This decision may further endanger the Hoolock Gibbon, an already endangered species.

About Hoollongapar Gibbon Wildlife Sanctuary:

- **Location and Status:**
 - Isolated protected area of evergreen forest in **Jorhat district, Assam**.
 - Designated as a **wildlife sanctuary** in **1997** by the Assam Government.
 - The **only sanctuary in India named after a gibbon**, known for having the densest gibbon populations in Assam.
- **River:** The **Bhogdoi River** creates a **waterlogged region dominated by semi-hydrophytic plants** along the sanctuary's border.
- **Flora:**
 - Upper Canopy: Dominated by the **Hollong tree**.
 - Middle Canopy: Dominated by the **Nahar tree**.
 - Lower Canopy: Consists of evergreen **shrubs and herbs**.
- **Fauna:**
 - **Hoolock gibbons (India's only gibbons)**.
 - **Bengal slow loris** (Northeastern India's only nocturnal primate).
 - Indian elephants, tigers, leopards, jungle cats, wild boar.
 - Three types of civet, four types of squirrels.
 - Stump-tailed macaque, northern pig-tailed macaque.

Exercise Tarang Shakti

IUCN status: Endangered

Why in the news?

- India will host the international air exercise 'Tarang Shakti' in two phases, with events taking place in Tamil Nadu and Rajasthan.

About Exercise Tarang Shakti:

- Largest international air exercise ever conducted in India.
Aimed at strengthening strategic relations with international friends.
Invitations extended to 51 countries, with nearly 30 participating.
Objective: To invite friendly foreign countries with regular interactions and a degree of interoperability with the Indian Air Force (IAF).
Participating Countries: Phase One (Sulur, Tamil Nadu) and Phase Two (Jodhpur, Rajasthan)
