

No. F. 3-47/2024-25/CIET/PRD

Central Institute of Educational Technology, N.C.E.R.T.

Advertisement No. -7/CIET/2024-25/

Date: May 27, 2024

Walk-in-Interview

Subject: Appointment of various posts in CIET, NCERT under the PAB and PAC approved projects.

The Central Institute of Educational Technology (CIET), a constituent of National Council of Educational Research and Training (NCERT) invites application from eligible candidates to fill up the following posts (Contractual) to work for the **different projects under PAB and PAC**. The selected candidates shall have to work at CIET-NCERT, New Delhi initially upto 31 March, 2025.

Following are the details of each post:

Sl.No	Name of the Post, number of posts, salary	Qualifications and Experience Required
1	Senior Technical Consultant – 6 Remuneration : Rs. 75,000/- p.m. (consolidated) <u>Date of Interview:</u> 18.6.2024	Project: NISHTHA -02 1. Essential Qualification: Master Degree in Computer Science/ Computer Application/ Information Technology/ Computer Engineering along with Bachelor's degree in Computer Science/ Computer Application/ Information Technology/ Computer Engineering from recognized University / Institute with minimum 55% marks or equivalent grade in master degree NET/SET/SLET Qualified OR exempted from NET as per UGC regulations for Assistant Professor at entry level. 2. Desirable: <ul style="list-style-type: none">● MBA from a recognized Institute.● Certificate of completion in any courses related to CMS/ LMS● Certificate of participation/ completion in online courses and/or experience as online course coordinator/ admin 3. Experience: A minimum 5 years of experience of handling IT projects in a lead techno-managerial position, with experience in one or more of the following areas: Learning Management System, Information and Data Management, Development of scalable software using open source technologies, Collaborative content creation and Content management systems

		<p>Project : DIKSHA- One Nation One Platform -03</p> <p>Essential Qualifications: Master’s Degree in Computer Science/ Computer Applications/IT from a recognized institute with minimum 55% marks or equivalent grade NET/SET/SLET Qualified OR exempted from NET as per UGC regulations for Assistant Professor at entry level.</p> <p>Experience: At least 5 years of experience of working in IT projects. Experience in design and development of web applications using PHP, MySQL, Javascript libraries and integration of APIs. Server management and deployment of IT projects on cloud platforms such as NIC Cloud, Oracle Cloud, etc.</p> <p>Desirable: . Good Communication skill in English and Hindi</p> <p>Project: Development of Curriculum-based materials for Augmented Reality, Virtual Reality, and Virtual Labs -01</p> <p>Essential Qualification: MCA/M.Tech/ MSc. Computer Science/ MSc. IT from a recognized University/Institute with a minimum of 55% marks or equivalent grade. NET/SET/SLET Qualified OR exempted from NET as per UGC regulations for Assistant Professor at entry level.</p> <p>Desirable:</p> <ul style="list-style-type: none"> • Ph.D in a relevant subject. • Good Communication and Collaboration Skills. • Working experience in C++, C#, Python, and JAVA, depending on Unity/ Unreal/ Godot game engine, and etc., • Working knowledge on developing AR/VR applications using ARKit/ ARCore/ Vuforia SDK/ Oculus SDK/ HTC Vive SDK, or similar frameworks and platforms. • Knowledge about user experience (UX) and user interface (UI) design principles in connection with AR/VR. Knowledge of Computer vision is desirable. • Proficient in content creation including lesson plans, multimedia resources, content creation tools, instructional strategies, writing and editing educational content, etc. • Ability in technology assessment, technical guidance, prototyping and proof of concept, integration, and implementation of AR-VR, testing and quality assurance, training, and support. • Proficient in leveraging immersive technology and resources for creating documentation, conducting training sessions, and offering technical support.
--	--	---

		<p>Experience: At least 5 years of experience working in eContent development/instructional designing/content creation/project guidance and Management/User Experience (UX) Design etc. Knowledge about 3D modeling, animation, texturing, lighting, and rendering. Working experience in producing mobile VR applications. Certification in any professional AR/VR courses approved by any recognized institute.</p> <p>Age Limit: Not more than 45 years / in case of retired faculty members not more than 70 years (relaxation as per GoI norms)</p>
2.	<p>Technical Consultant No of Posts-10 (MOODLE - 2, Data Management - 1, General - 7)</p> <p>Remuneration – ₹ 60000 per month (consolidated)</p> <p>Date of Interview: 18.6.2024</p>	<p>Project: NISHTHA -03</p> <p>1. Essential Qualification: Master Degree in Computer Science/ Computer Application/ Information Technology/ Computer Engineering along with Bachelor’s degree in Computer Science/ Computer Application/ Information Technology/ Computer Engineering from recognized University / Institute with minimum 55% marks or equivalent grade in master degree</p> <p>2. Experience:</p> <ul style="list-style-type: none"> • For General: A minimum 3 years of working experience in handling Learning Management Systems, interface designing, Content Management Systems, Creating and management of online courses, Database management of LMS, troubleshooting in LMS, and delivery and certification of online courses through LMS. • For MOODLE: A minimum 3-year working experience in installing MOODLE, developing and deploying technical features in MOODLE, and creating and managing courses in MOODLE • For Data Management - A minimum 3-year working experience in the following areas: <ul style="list-style-type: none"> • Excellent knowledge of Relational and non-relational databases - MySQL, SQL Server, Cassandra, Mongo, Redis, Kafka, RabbitMQ etc. • Experience in Design, creation and implementation of new database environments, including load balancing and replication setups in production environments using open source technologies. • Good Understanding & Knowledge of cloud DBA 4. Command over at least one of the following languages - Python / PHP / Java /.NET.

		<p>3. Desirable:</p> <p>NET/SET/SLET Qualified OR exempted from NET as per UGC regulations for Assistant Professor at entry level. Certificate of completion in any courses related to CMS/ LMS Certificate of participation/ completion in online courses and/or experience as online course coordinator/ admin</p> <p>Project: Development of Curriculum-based materials for Augmented Reality, Virtual Reality, and Virtual Labs – 05</p> <p>Educational Qualification</p> <p>MCA/M.Tech/ MSc.Computer Science/ MSc. IT from a recognized University/Institute with a minimum of 55% marks or equivalent grade.</p> <p>Desirable:</p> <ul style="list-style-type: none"> • A minimum of 3 years of work experience in the relevant field is required. • Working experience in C++, C#, Python, and JAVA, depending on the platform and tool used for AR/VR content development. • AR/VR development Skill: proficiency in AR/VR game engines such as Unity, Unreal, Godot, etc., • Working Knowledge of AR/VR Technologies: Hands-on experience in developing AR/VR applications, ARKit, ARCore, Vuforia SDK, Oculus SDK, HTC Vive SDK, or similar frameworks and platforms. • Understanding of UX/UI Design and a good grasp of user experience (UX) and user interface (UI) design principles in connection with AR/VR. • Knowledge of Computer vision. • Communication and Collaboration Skills. • Knowledge about developing AR/VR applications for different cross-platforms such as Mobile VR and AR/ Standalone VR - Oculus Quest 2/3/3 Pro. HTC Vive, HP Reverb G2/ Web VR. <p>Additional experience:</p> <ul style="list-style-type: none"> • Knowledge about 3D modeling, animation, texturing, lighting, and rendering. • Working experience in producing mobile VR applications. • Certification in any professional AR/VR courses approved by any recognized institute. <p>Project: Management Unit for PRASHAST App -02</p> <p>Educational Qualifications</p> <p>MCA/M.Tech/ MSc.Computer Science/ MSc. IT from a recognized University/Institute with a minimum of 55% marks or equivalent grade.</p>
--	--	---

		<p>Desirable:</p> <ul style="list-style-type: none"> • A minimum of 3 years of work experience in the relevant field is required. • Working experience in C++, C#, Python, and JAVA, depending on the platform and tool used for AR/VR content development. • Knowledge of Computer vision. • Communication and Collaboration Skills. • Managing and developing App <p>Age Limit: Not more than 45 years / in case of retired faculty members not more than 70 years (relaxation as per GoI norms)</p>
3	<p>Senior Consultant (Academic) -06</p> <p>Remuneration : Rs. 75,000/- p.m. (consolidated)</p> <p>Date of Interview: 19.6.2024</p>	<p>Project: DIKSHA One Nation One Platform – 03 (Chemistry – 01, Educational Technology – 02)</p> <p>Essential Qualifications: Post graduation in relevant subject with qualifications with minimum 55% marks (or an equivalent grade in a point-scale wherever the grading system is followed) in a concerned/relevant/allied subject from an Indian University, or an equivalent degree from an accredited foreign university.</p> <p>Experience: At least 5 years of experience of working as an academic expert in relevant field, e-content development /online course development & management/ Teaching relevant subject at the level of teacher education/ Research in the relevant subject/ Educational project management at the national level Proficiency in ET/ICT</p> <p>Desirable:</p> <ul style="list-style-type: none"> • Good Communication skill in English and Hindi • Specialization in Educational Technology during Masters Course/ Ph.D (in ICT/ET) • A UG/PG degree in Education(for Senior Consultant in English & Chemistry) • Knowledge of Research Methodology and skills in development of research tools, collection and analysis of data, report writing etc. • Acquired Certificate of participation/ completion in online courses or experience as online course coordinator/ course admin.

		<p>Project: Development of SWAYAM MOOCs on School Education -01</p> <p>1. Essential Qualification:</p> <ul style="list-style-type: none"> ● Masters in anyone one of the school subjects taught at secondary level of school education with minimum 55% marks or equivalent grade ● Awarded Ph.D in Education/ Educational Technology from recognized University / Institute ● NET qualified <p>2. Experience: A minimum of 5 years of experience in online course development & management/ Teaching ET or ICT at the level of teacher education/ Research in the area of ET or ICT/ Educational project management at the national level/ principal or Vice-principal in School.</p> <p>3. Desirable:</p> <ul style="list-style-type: none"> - Specialisation in Educational Technology during Masters Course/ Ph.D - Knowledge of Research Methodology and skills in development of research tools, collection and analysis of data, report writing etc. - Acquired Certificate of participation/ completion in online courses or experience as online course coordinator/ course admin <p>Project: Development of Curriculum-based materials for Augmented Reality, Virtual Reality, and Virtual Labs – 02</p> <p>Essential Qualifications:</p> <ul style="list-style-type: none"> ● Post graduation in (Physics/ Chemistry/ Biology/ Mathematics) from a recognized University/Institute with a minimum of 55% marks or equivalent grade. ● NET/SET/SLET Qualified <p>OR exempted from NET as per UGC regulations for Assistant Professor at entry level.</p> <p>Desirable:</p> <ol style="list-style-type: none"> 1. Ph.D in relevant subject 2. M.Ed/MA in Education 3. Good Communication skills in English and Hindi 4. Specialization in Educational Technology during Masters Course/ Ph.D 5. Knowledge of AR and VR in education is preferred. <p>Experience:</p> <ul style="list-style-type: none"> ● At least 5 years of experience working as an academic expert in the relevant field, e-content development /immersive technologies in education in Research institutes and
--	--	---

		<p>Universities in the relevant subject/ Educational project management at the national level.</p> <ul style="list-style-type: none"> • Demonstrate ability to effectively manage academic projects from conception to completion, including planning, execution, and evaluation phases. <p>Age Limit: Not more than 45 years/ in case of retired faculty members not more than 70 years (relaxation as per GoI norms)</p>
4	<p>Academic Consultant No of Posts - 15</p> <p>Remuneration - ₹ 60000 per month (consolidated)</p> <p>Date of Interview: 19.6.2024</p>	<p>Project: NISHTHA -04 (English Education -01), Educational Technology -01, Hindi Education – 02)</p> <p>1. Essential Qualification:</p> <p>Masters in the concerned subject i.e., English, Science, Mathematics, Social Science (History/ Political Science/ Geography), Computer Science, Hindi, Urdu with M.Ed with a minimum 55% marks or equivalent grade in both master degrees. NET/SET/SLET Qualified OR exempted from NET as per UGC regulations for Assistant Professor at entry level.</p> <p>2. Experience:</p> <p>A minimum of 3 years of experience in educational projects as an academic expert with a fair knowledge of the development and delivery of online courses, practical knowledge, and experience of working with computer applications. Experience in translation works is added value for language education post</p> <p>3. Desirable:</p> <ul style="list-style-type: none"> • Preferably Ph.D in Education • Excellent writing skills in the respective language • Experience and proficiency in ET/ICT • Knowledge of Research Methodology and skills in development of research tools, collection and analysis of data, report writing etc. • Certificate of participation/ completion in online courses or experience as online course coordinator/ or administrator <p>Project: MOOCs on SWAYAM – 06 (Commerce/Accountancy 01, Business Studies-01, Geography -01, Sociology -01), Economic -01, Computer Science/ICT -01</p> <p>1. Essential Qualification:</p> <p>Master degree in the respective school subject listed in the post with M.Ed from recognized University / Institute with minimum 55% marks or equivalent grade in both master degrees.</p>

		<p>NET qualified.</p> <p>2. Desirable: Preferably Ph.D Experience and proficiency in ET/ICT Knowledge of Research Methodology and skills in development of research tools, collection and analysis of data, report writing etc. Certificate of participation/ completion in online courses or experience as online course coordinator/ or administrator</p> <p>3. Experience: A minimum 3 years of experience in designing/ developing online courses (or) 3 years experience working as a teacher/teacher educator with fair knowledge in the development and delivery of online courses</p> <p>Project: Kitab ek Padhe Anek (03) and PRASHAST -02) = 05</p> <p>Essential Qualifications:</p> <ul style="list-style-type: none"> • Post-graduation degree in Special Education/ English/ Hindi/ Mathematics/ any discipline from a recognized university/institute with minimum of 55% of marks or equivalent grade • NET/SET/SLET Qualified OR exempted from NET as per UGC regulations for Assistant Professor at entry level. <p>Desirable</p> <ol style="list-style-type: none"> a. B.Ed. / D.El.Ed in Special Education b. Preferably NET/ SLET Qualified c. Good Communication skill in English and Hindi d. Working knowledge of computers, MS office, SPSS, etc. e. Knowledge of Research Methodology - Development of research tools, collection and analysis of data, report writing etc. f. Proficiency in leveraging assistive technology tools and resources to support the learning needs of students with disabilities and enhance their educational experiences. <p>Experience:</p> <ul style="list-style-type: none"> • At least 3 years of experience of working as an academic expert in educational projects at national/state level in the education sector. <p>Age: Not more than 45 years / in case of retired faculty members not more than 70 years (relaxation as per GoI norms)</p>
5	<p>Social Media Manager-2 (Remuneration: Rs. 45,000)</p> <p>Date of Interview 20.6.2024</p>	<p>Project: DIKSHA – One Nation One Platform -01 Development and Maintenance of Websites and Mobile Apps and other digital activities - 01</p> <p>Essential Qualification:</p> <p>Master’s degree in Mass Communication from a recognized University/ Institute with 55% marks or equivalent Grade</p>

		<p>Experience:</p> <ol style="list-style-type: none"> 3 years of experience in handling social media accounts of corporate entities or government organizations (Facebook, Twitter, Instagram, LinkedIn, WhatsApp, Telegram etc.). Good communication and writing skill in English and Hindi Experience of working independently to conceptualize and design creatives, contents (banners, posters) for social media advocacy. Experience of designing social media strategy and execution across platforms, response management, advocacy, metrics & analytics, report writing etc. <p>Age Limit: Not more than 40 years/ in case of retired faculty members not more than 65 years (relaxation as per GoI norms)</p>
6	<p>Social Media Coordinator-1 (Remuneration Rs.32,000)</p> <p>Date of Interview 20.6.2024</p>	<p>Project: DIKSHA – One Nation One Platform</p> <p>Essential Qualification:</p> <p>Master’s degree in Mass Communication from a recognized University/ Institute with 55% marks or equivalent Grade.</p> <p>Experience:</p> <ol style="list-style-type: none"> At least 1 years of experience in handling social media accounts of corporate entities or government organizations (Facebook, Twitter, Instagram, LinkedIn, WhatsApp, Telegram etc.). Good communication and writing skills in English and Hindi Experience of working independently to conceptualize and design creatives, contents (banners, posters) for social media advocacy. Experience of designing social media strategy and execution across platforms, response management, advocacy, metrics & analytics, report writing etc. <p>Age Limit: Not more than 40 years/ in case of retired faculty members not more than 65 years (relaxation as per GoI norms)</p>
7	<p>AI Expert/Senior Consultant</p> <p>No. of Posts – 02</p> <p>Remuneration : Rs. 68,000/- p.m. (consolidated)</p> <p>Date of Interview 21.6.2024</p>	<p>Project: Development and Maintenance of Websites and Mobile Apps and other digital activities</p> <p>Essential Qualification:</p> <p>Education</p> <ul style="list-style-type: none"> PG in Artificial Intelligence/ Machine Learning/ Computer Application/ Computer Science/ Computer Technology/Master of Technology (M.Tech.) (With specialization in Artificial Intelligence) of a recognized University or equivalent with minimum 55 %. <p style="text-align: center;">OR</p> <p>Education</p> <ul style="list-style-type: none"> Bachelor of Engineering (B.E.)/ Bachelor of Technology (B.Tech.) in Computer Science or Bachelor Degree in

		<p>Artificial Intelligence/ Machine Learning/Computer Applications/ Computer Science from a recognized University or equivalent with minimum 55 %.</p> <p>Add On: Courses or certifications specifically focused on AI, machine learning, natural language processing (NLP), and chatbot development can be beneficial.</p> <p><u>Programming Skills:</u></p> <ul style="list-style-type: none"> ● Proficiency in programming languages such as Python, Java, or C++. ● Strong understanding of machine learning algorithms, including supervised and unsupervised learning, deep learning, and reinforcement learning. ● Familiarity with chatbot development platforms and frameworks such as Dialogflow, Microsoft Bot Framework, Rasa, or IBM Watson Assistant. ● Knowledge of NLP techniques and tools for processing and understanding human language. ● Experience with AI frameworks and libraries such as TensorFlow, PyTorch, scikit-learn, NLTK (Natural Language Toolkit), or SpaCy. <p><u>Experience:</u></p> <p>A minimum 5 years of experience for candidate having Bachelor’s degree or 3 years of experience having Master’s degree in software development methodologies and practices, including Agile, Scrum, and version control systems like Git.</p> <ul style="list-style-type: none"> ● Ability to work with large datasets and databases for training and testing AI models. ● Strong problem-solving skills and the ability to think creatively to design innovative AI solutions. ● Effective communication skills to collaborate with cross-functional teams and stakeholders. ● Implementing AI solutions in real-world applications and integrating them with existing systems. <p><u>Desirable:</u></p> <ul style="list-style-type: none"> ● Given the rapid advancements in AI technologies, a willingness to continuously learn and adapt to new tools, techniques, and best practices is essential. ● Engaging in professional development opportunities such as workshops, conferences, online courses, and reading research papers can help stay updated with the latest developments in AI and chatbot technologies. <p>Age Limit: Not more than 45 years/ in case of retired faculty members not more than 70 years (relaxation as per GoI norms)</p>
