निर्देश: (41-45) दिए गए गद्यांश को पढ़कर निम्नलिखित प्रश्नों के उत्तर दीजिए।

जो लोग अपनी असफलताओं के लिए या जीवन में गतिरोध के लिए हालातों को जिम्मेदार ठहराते हैं, वे लोग या तो लगत हैं या हालात से डरते हैं। वे या तो जीवन को समझ नहीं पाए या उलझनों में फँसे हुए हैं। वे या तो आलसी हैं या अकर्मण्य हैं। एक कारण और भी हो सकता है कि उनकी नीयत और नीति में मेल न हो। यह अति आवश्यक है कि नीयत और नीति दोनों एक सूत्र में पिरोई हुई हों अर्थात् मेल खाती हों। ऐसा कदापि संभव नहीं है और नीयत मानसिक इच्छा है, जो खोटी भी हो सकती है और खरी भी। खोटी नीयत वाला व्यक्ति कदापि इस संसार में नहीं टिक सकता और यदि टिकेगा, तो बहुत कम समय के लिए, केवल तब तक, जब तक उसकी नीयत खुलकर सामने नहीं आती, क्योंकि नीति की जननी नीयत है और जब जननी में ही दोष है, तो संतान में कोई - न - कोई विकृति अवश्य आ जाएगी।

हालातों को असफलता के लिए जिम्मेदारी ठहराना ठीक नहीं लगता, क्योंकि हालात तो उनके साथ भी वही होते हैं या लगभग वही होते हैं, जो सफलता प्राप्त करते हैं। यदि कोई व्यक्ति अपनी असफलताओं की जिम्मेदारी खुद नहीं ले सकता, तो वह अपनी सफलता की जिम्मेदारी लेने के काबिल नहीं है। जीवन का असनी आनंद तो तभी है, जब परिस्थितियाँ विषम हों।

Directions (51-55): Read the following passage carefully and choose the most appropriate answer to the question out of the four alternatives.

The Budget's thrust on giving a growth **stimulus** to the economy along with ensuring fiscal prudence is commendable. It did well to stick to the fiscal rectitude path underlined by the Interim Budget by targeting the fiscal deficit at 3.3% of GDP for 2019-20, a reduction by 10 basis points over the revised figure of 2018-19. This fiscal math will be challenging to achieve but the Finance Minister has kept open several levers for revenue mobilization. These include an aggressive target for PSE disinvestment of ₹1.05 lakh crore as well as monetization from existing assets of the government. Innovative financial instruments will also be used to achieve the government's aim of making investments in infrastructure to ₹100 lakh crore over the next five years.

Taking cognizance of the fact that investments provide the foundation for scaling up growth to 8%, the Budget announced several ground-breaking measures to revive investments in the economy, especially in the infrastructure sector, such as carrying out a comprehensive restructuring of the National Highway Programme, creation of a National Highways Grid among others. In addition, measures such as the opening of sectors such as Insurance Intermediaries to 100% FDI and proposing to ease the FDI limits in other sectors as well, are likely to improve the availability of capital for investment purposes.

Recognising the role of the corporate sector in contributing to India's growth journey, the Budget did well to bring all companies having turnover up to ₹400 crores under the 25% corporate tax rate ambit from the erstwhile limit of ₹250 crores. This is a good beginning and is expected to provide a fillip to the corporate sector earnings which could be ploughed back in investments.

Q51. How does the Finance Minister aim to maintain the revenue mobilisation?

- (c) Monetisation from existing assets
- (d) Both (a) and (c)

Q53. What does the word 'cognizance' mean?

- (a) Awareness
