In this question, a statement is given followed by two conclusions numbered i and ii. You have to assume everything in the statement to be true, then consider the two

conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement.

Statement: With average farm size in India shrinking, the dream run in tractor sales could end.

Conclusion:

- i) Tractor sales depends on the average farm size.
- ii) Tractor sales depends on rainfall as the shrinkage of farm size is due to lack of rainfall.

Choose the appropriate one from the following options
