Shinde survives. But SC makes clear party has primacy over legislative wing- big implications.

A constitutional bench of the supreme court yesterday ruled on the legal complication stemming from the fall of Maharashtra's MVA government in June 2022. The current government comprising BJP and the Eknath Shinde faction of Shiv Sena is safe. Yet, the role of then governor BS Keshari in the formation of the government by calling for a no-confidence motion against the government erstwhile Udhav Thackeray-led MVA has been severely criticized by SC and declared incorrect. However, as Thackeray resigned before the floor test there is no legal remedy available now the bench said. But it's still a consequential judgment that will henceforth be used to judge the legality of defection-led changes in government. SC has used the constitution's tenth schedule –meant to prevent opportunistic defections- as the reference point to reach its conclusions. The most important one is that a political party is superior to its legislative wing. The whip on voting represents the will of party, and not its legislators. It's the party that appoints its whip and the house leader. It means political parties now have a greater degree of protection against defection by legislators. This may mean that the current Maharashtra assembly speaker, BJP's Rahul Narwekar, cannot rely on just numbers but has to use Shiv Sena's constitution to identify the party's whip and leader to decide on pending disqualification proceedings. The speaker is the key player in the tenth schedule. Here the SC judgment is not conclusive. It referred one of its relevant earlier judgement (Nabam Rebia case) to a large bench because of contradictory reasoning". In the interim, it's given the speaker power to helm proceedings on defection, subject to judicial review. The other critical actor in defection is the state's governor. Here, SC has once again emphasized that they have limited discretionary power and cannot enter the political arena. A floor test is not the platform to resolve intraparty disputes, which is where Keshari's role has been criticised. The underlying principles on limited discretion also apply to governors elsewhere. This judgment should be read by all governors who see their role as meddlers in executive affairs SC's stance is very clear. The rajyapals should take note.

Given below are two statements :

Statement—I : Spinal traction may move joint sufficiently to stimulate the mechanoreceptors, thus, decreasing joint-related pain.

Statement—II : Lumbar traction can decrease the size of herniated disc material.

In the light of the above statements, choose the *correct answer* from the options given below :

1. Both Statement I and Statement II are true
2. Both Statement I and Statement II are false
3. Statement I is true but Statement II is false
4. Statement I is false but Statement II is true

Options :

92090628121. 1

92090628122. 2

92090628123. 3

92090628124. 4

नीचे दो कथन दिए गए हैं:

कथन I : स्पाइनल ट्रैक्शन यांत्रिकग्राहियों को प्रेरित करने के लिए जोड़ को पर्याप्त मात्रा में हिला देता है जिससे कि जोड़-संबंधित दर्द घट जाता है।

कथन II : लम्बर ट्रैक्शन हर्निएटेड डिस्क पदार्थ के आकार को घटा देती है।

उपरोक्त कथन के आलोक में, नीचे दिए गए विकल्पों में से सही उत्तर का चयन कीजिए

- (1) कथन I और II दोनों सत्य हैं
- (2) कथन I और II दोनों असत्य हैं
- (3) कथन I सत्य है, लेकिन कथन II असत्य है
- (4) कथन I असत्य है, लेकिन कथन II सत्य है

Given below are two statements, one is labelled as Assertion (A) and the other is labelled as Reason (R):

Assertion (A) : Diabetic athletes involved in endurance events who are loading carbohydrates prior to competition should not change their insulin dosage.

Reason (R) : Diabetic athletes need to learn the effects of different types of exercise on their blood glucose levels.

In the light of the above statements, choose the *correct answer* from the options given below :

1. Both (A) and (R) are true and (R) is the correct explanation of (A)
2. Both (A) and (R) are true but (R) is not the correct explanation of (A)
3. (A) is true but (R) is false
4. (A) is false but (R) is true

नीचे दो कथन दिए गए हैं: एक अभिकथन (Assertion A) के रूप में लिखित है तो दूसरा उसके कारण (Reason R) के रूप में;

अभिकथन A : इन्ड्यूरेंस इवेन्ट्स में भाग लेने वाले डायबेटिक खिलाड़ी, जो कि प्रतियोगिता से पूर्व कार्बोहाइड्रेट लेते हैं, को अपनी इंसुलिन की मात्रा को नहीं बदलना चाहिए।

कारण R : डायबेटिक खिलाड़ियों को विभिन्न प्रकार के व्यायाम से होने वाले उनके रक्त के ग्लूकोज स्तर पर प्रभावों को जानने की आवश्यकता है।

उपरोक्त कथन के आलोक में, नीचे दिए गए विकल्पों में से सबसे उपयुक्त उत्तर का चयन कीजिए

- (1) A और R दोनों सही हैं और R, A की सही व्याख्या है
- (2) A और R दोनों सही हैं, लेकिन R, A की सही व्याख्या नहीं है
- (3) A सही हैं, लेकिन R सही नहीं है
- (4) A सही नहीं हैं, लेकिन R सही है

Given below are two statements, one is labelled as Assertion (A) and the other is labelled as Reason (R):

Assertion (A) : Tibiofemoral posterior glide is given to increase flexion of the knee joint.

Reason (R) : As the convex articular surface of tibia is glided. antero-posteriorly over the concave articular surface of femur, the increase in posterior glide helps to increase flexion.

In the light of the above statements, choose the *correct answer* from the options given below :

1. Both (A) and (R) are true and (R) is the correct explanation of (A)
2. Both (A) and (R) are true but (R) is not the correct explanation of (A)
3. (A) is true but (R) is false
4. (A) is false but (R) is true

Options :

नीचे दो कथन दिए गए हैं: एक अभिकथन (Assertion A) के रूप में लिखित है तो दूसरा उसके कारण (Reason R) के रूप में;

अभिकथन A : टिबियो-फिमॉरल पोस्टीरियर ग्लाइड घुटने के जोड़ पर फ्लैक्शन को बढ़ाने के लिए दी जाती है।

कारण R : जब टिबिया का उत्तल आर्टिकुलर सतह फीमर की अवतल आर्टिकुलर सतह पर एण्टेरो-पोस्टीरियरली ग्लाइड करता है, तब पोस्टीरियर ग्लाइड फ्लैक्शन बढ़ाने में मदद करती है।

उपरोक्त कथन के आलोक में, नीचे दिए गए विकल्पों में से सबसे उपयुक्त उत्तर का चयन कीजिए

- (1) A और R दोनों सही हैं और R, A की सही व्याख्या है
- (2) A और R दोनों सही हैं, लेकिन R, A की सही व्याख्या नहीं है
- (3) A सही हैं, लेकिन R सही नहीं है
- (4) A सही नहीं हैं, लेकिन R सही है
