Feeding Stations for Oil spill-hit Birds at Creek in T.N

Context

- After bird life was badly hit by the recent Ennore oil spill, the TN State Forest Department has found close to 50 birds of different species completely 'painted' black with oil.
- Experts from the **Wildlife Trust of India (WTI)** and the **Besant Memorial Animal Dispensary (BMAD)** are planning to establish feeding stations for birds at Ennore Creek.

Key points

- TN State Department of Environment, Climate Change and Forests, the nodal agency for the oil spill clean-up, has roped in WTI to work with local volunteers and the Wildlife Warden, Chennai, **to assess how the affected birds could be rescued and rehabilitated.**
- The team is planning **to strategically set up 'cafeterias'** with nets to feed the birds with fresh fish and capture those that are sick.

India Skills Report

Key points:

- India Skills Report is published by talent assessment agency **Wheebox in association with various agencies including All India Council for Technical Education, Confederation of Indian Industry and Association of Indian Universities.**

According to the report,

- **Kerala** has emerged as the most preferred **State to work in the India Skills Report 2024.**
- **Kochi and Thiruvananthapuram** have come second and fourth respectively among cities where both men and women prefer to work regardless of their age.
- Kerala also secured the second position in overall employability among the **18-21 age group** to reaffirm its status as a robust talent pool in the country.

India receives price bids for 26 Rafale jets, 3 submarines

Context

- India has received price bids from France for the purchase of **26 Rafale-M carrier-based fighters as well as three additional Scorpene-class conventional submarines.**
- The 26 jets are meant to fill the gap in the numbers till the indigenous Twin Engine Deck-Based Fighter is inducted into service.

Did you know?

- The Navy currently operates two aircraft carriers, the **INS Vikramaditya and the indigenously built INS Vikrant.**
- The major difference between the existing Scorpene-class submarines and the new ones is their integrated combat system (ICS).
- The earlier submarines had systems from France, while the new ones will have indigenous ICS, with significant localized solutions provided by **Bharat Electronics Limited in collaboration with French suppliers.**

WHO prequalifies a malaria vaccine by Serum Institute

Context

- The World Health Organization (WHO) added the **R21/Matrix-M malaria vaccine** to its list of prequalified vaccines.
- It is **developed by Oxford University and manufactured by Serum Institute of India.**
- In October 2023, the WHO recommended its use for the prevention of malaria in children.
- The R21 vaccine is the **second malaria vaccine prequalified by the WHO.**

Key points

- The prequalification means larger access to vaccines as a key tool to prevent malaria in children, with it being a prerequisite for vaccine procurement by UNICEF and funding support for deployment by Gavi, the Vaccine Alliance.
- It added that both vaccines are safe and effective in clinical trials, for preventing malaria in children.

Did you know?

- Malaria, a **mosquito-borne disease**, places a particularly high burden on children in the African region, where nearly half a million children die from the disease each year.
- In 2022, there were an **estimated 249 million malaria cases in the world** and 6,08,000 malaria deaths across 85 countries.
